

Money God's Way Power point
James 5:1-6

To all **money** worshipping Christian's, especially those who are rich, stop **worshipping** your money, and truly **worship** God!!! Vs. 5:1-3

James does not condemn the rich, but the **misuse** of their wealth.

God **owns** your money. He **gave** it to you and He wants you to use it for His **glory**, be a good **steward** with His stuff.

Stop the **You** desire, and start the **God** desire, find your pleasure in God!!! Vs 5:4-6

The **pursuit** of luxury or pleasure will soon become a **vice** and lead to chaos, which will lead to being out of control in every area of your life. Our only pursuit should be for God.

The proper attitude to have as a believer, with our money according to God, is to be more of a **giver** than a **taker**!!!

People who give for the right reasons really do **trust** and **believe** in God.
